

# Personal Project Retrospective

Name: \_\_\_\_\_

Group: \_\_\_\_\_

Complete the following personal retrospective by listing different thoughts for each question (vs restating one thing 6 times!). It will be evaluated for *completion*; the content of your responses will *not* affect your grade. The instructor may read your responses and try to improve the course based on them. Try to think of the big picture and **think a few minutes before answering each question**. You want to leverage your experience in this course to help your career!

1. My top goals I hoped to achieve through project were:

a. \_\_\_\_\_

b. \_\_\_\_\_

c. \_\_\_\_\_

2. The best single (non-technical) decision I made during this project was...

\_\_\_\_\_  
\_\_\_\_\_

3. If I could go back in time to the start of this project and give myself some (non-technical) advice about the project, what would it be?

\_\_\_\_\_  
\_\_\_\_\_

4. During job interviews, when I will be asked about my group work skills, I want to use my experience this semester to show how great a team member I am by highlighting...

\_\_\_\_\_  
\_\_\_\_\_

5. I have learned I most need to improve on...

a. \_\_\_\_\_

b. \_\_\_\_\_

c. \_\_\_\_\_

6. I had the most fun working on this project/course when I was...

\_\_\_\_\_  
\_\_\_\_\_
